Drive product and concept development for the MENA Region

We are looking for a PTD Manager for the Middle Eastern and North African markets. You will play a key role in developing projects, products and concepts that will give us a competitive advantage and return on investments. You will be based at our site in Riyadh, the Kingdom of Saudi Arabia, where you will cooperate closely with our production team.

You will be responsible for managing projects, coordinating, and providing the MENA Region with new products. Your objective is to assure that our business strategies and objectives are met. Part of your responsibility is managing the CAPEX process of the dairy, you ensure executing of approved projects and create new products with a focus on the necessary shelf-life and sensory characteristics within the designated time frame. You will participate in various product teams, plant meetings, sales, marketing and application-related group meetings.

Solid experience of food manufacturing and project management

You have 5 years' relevant experience within food manufacturing, or your experience could derive from a development environment. Either way you have gained insight into process technology and dairy chemistry, which also have given you good application skills. In addition, you have obtained solid project management skills enabling you to drive projects confidently from start to finish. Your commercial perspective enables you to transform product specific language into unique selling points.

Unique career opportunity

This job is a unique career opportunity running from primo 2012 and three years on. Arla Foods offers a competitive salary, free housing and car as well as free holiday travels to your home country.

Application and contact

Send your application to job@arlafoods.com no later than 19 February and include "2471011" in the subject field. For additional information, please call Regional HR Manager MENA Region, Birgitte Beisner at +971 506264837. Please state in your application where you have seen the advertisement.

At Arla Foods, we turn milk into innovative products and strive to bring consumers around the world closer to nature. We are united and empowered by respect for the natural source that keeps us in business, and we share a determination to continue our ambitious development and growth. It will be a journey of a lifetime and to succeed we work together – to Lead, Sense & Create.
